

Assembly Instructions

Reception Chair Model #2009

Parts List*

Part	Qty.	Description
A	2	Frame
B	2	Bar
C	1	BackRest
D	1	Seat
E	4	Thick Screw
F	4	Thin Screw
G	4	Flat allen screw

*Open all boxes to check for parts before beginning assembly.

**All bolt/washer sets are already in the brackets and footrest.

Tools required:

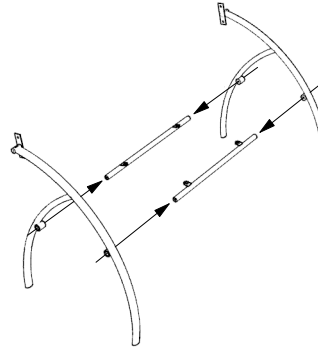

Allen wrench
(included)

Step 1

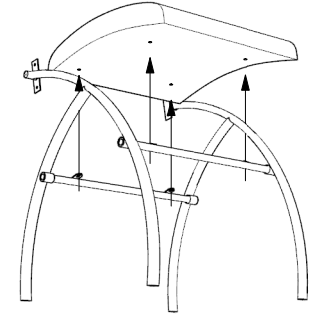

Attach the two Bars to both Frames using the thick screws. Make sure that the welded on plates are pointing towards eachother (on the inside).

Note: It will make the entire process easier if you wait until the final step to tighten all of the screws fully.

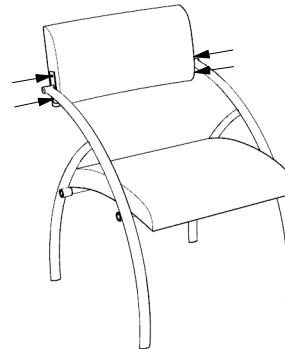

Step 2

Next, attach the seat (D) to the Bars (B) using the thin screws.

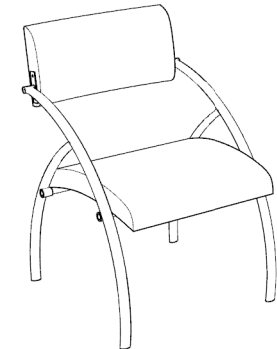

Step 3

Now, attach the Back Rest (C) using the flat allen screws.

Final Step

Now that all of the screws are in their places, tighten them. When tightening them make sure to tighten each screw just a little until the screws are snug.

Your chair is now complete!
